He also reported that issue with progressing is due to delays with Flintshire Planning Department and Natural Resource Wales. He said he came to a Council meeting in 2019 to report about the development and issues he had and he has been in constant contact with Flintshire County Council since this date.

Councillor K. Rush said he has received a number of complaints from residents as the property is an eyesore and also due to safety of the property and asked the owner for an approximate timescale for completion.

87. COMMUNITY LIBRARY

Councillor J. Humphreys reported he had received concerns from residents regarding the funding that is provided to the Community Library.

Councillor J. He also shared concerns that this year, we have already exceeded the budget allowance.

Flintshire County Council closed the Library due to the expense and lack of attendees. He believes the Community Council produced a survey which included 300 resident's signatures and the Council then agreed to pay the Libraries Electricity and Insurance bills.

Councillor J. Humphreys expressed concerns over the opening times and that the Library is not open for times when children can visit, he said he does not wish for the facility to close, however it could be used by more groups and become a community hub.

Councillor J. Humphreys proposed the Council writes to the Bagillt Community Library Group to ask:

1. Between 1/11/22 and 1/11/23 - how many people used the Library and took books?

Councillor R. Davies reminded councillors that we applied for Welsh Government slippage funding to have the speed humps replaced but we were unsuccessful. He also advised that following the introduction of the 20 MPH restrictions, Welsh Government have said that any roads that have the 20 MPH restrictions, do not require speed calming measures and those roads that have existing speed calming measures, if road

improvements were required, such as re-tarmacking, the speed humps or tables would be removed and not replaced.
